

# Master of Science in PHYSICS

September  
2026  
ADMISSION

## Programme Highlights

- ▶ **A tradition of excellence since 1994**  
We have been nurturing students who seek to deepen and broaden their understanding of physics for their further studies and career advancement in the past three decades.
- ▶ **Balanced learning activities**  
Lectures, labs, guided studies, projects, presentations, and an option of a dissertation deliver both subject knowledge and transferable skills.
- ▶ **Design your own course selections to fit your interest, learning need and career plan with academic advice from your advisor.**
- ▶ **Outstanding achievements will be recognized by scholarships.**

## Career Prospects

Education, research, industry and commerce, as well as further studies

## Programme Structure

A coursework-based M.Sc. degree programme, in which students may enroll in one-to-one or small-group settings Guided Study and Project courses to acquire knowledge and hands-on experience in both fundamental physics and cutting-edge research. Students may also opt to work on a dissertation.

- ▶ **Study Modes and Duration**  
Full-time: 1 year  
Part-time: 2 years
- ▶ **Medium of Instruction**  
English
- ▶ **Tuition Fee (2026-27)**  
Full-time: HK\$192,000 per annum  
Part-time: HK\$ 96,000 per annum

**Application is open from**

**1 September 2025 to 15 May 2026**

*Early applications are strongly encouraged!  
Applications will be processed on a rolling basis until  
all places are filled.*
